BSN Capstone	N/A	NEC9544	NURS 419L	N/A	N/A	N/A	N489	N/A	N/A	NUR496	N/A								

*HED mandates use of NMNEC Crosswalk (June, 2014): Incorporate the NMNEC common course numbers into your course listings as you deem possible. (Sept-2017 HED is creating a new statewide common course numbering system that will be incorporated in 2018)

This may include one or more of the following:

- List the common NMNEC course number as part of the course description
- Publish the NMNEC Crosswalk in your Institution Catalog or similar publication
- Make the common NMNEC course number searchable
- Change your internal course numbers to reflect the NMNEC course numbers as possible.

The NMNEC Crosswalk is the critical first step in developing seamless transfer pathways for New Mexico's nursing students. In addition, legislation passed in 2015 mandates that a common numbering system be developed for core curriculum courses and transfer modules across New Mexico's public postsecondary institutions. Further development of the NMNEC common numbering implementation throughout participating schools should be considered a parallel exercise with the development of the common numbering system and associated transfer models. Please share this information with your registrars.

NMNEC Course Numbers represent the following:
 NEC=Nursing Education Consortium
 First digit - NMNEC specific number is "9"
 Second digit - Level 1-5
 Third digit - Course sequence in semester - 1st, 2nd, 3rd, 4th, 5th
 Fourth digit - credit hours
