

NM NURSING EDUCATION CONSORTIUM

Connecting all New Mexicans to High Quality Healthcare

Curriculum Committee

May 18, 2017

Phone Conference

3:00-4:00

Present	Kim Webb	Lorraine Hannah	Nisa Bruce NMNEC Leadership Council Liaison	Dianne Evans-Prior	Dawn Kittner	Shawna Kemper	Susan Koronkiewicz BSN Co- Chair	Terri Tewart
Absent								
Excused								
	Kimberly Gililand	Michael Shannon ADN Co- Chair	Ellen Trabka	Charlene Parks	Laura Vanyo	Mary Wright NMNEC Outreach Program Manager	Misty Stine	Kelley Schukar
	Connie DeBlieck	Cammie Armstrong		Karen Becenti Shawnadine				

Agenda Item	Discussion	Action
Overview of Agenda and Review of Minutes from meeting 4/6/17.	<ul style="list-style-type: none"> Agenda and last meeting's minutes sent to members in advance of meeting. N. Bruce moved to accept the Agenda and minutes; M Wright seconded. No additions or corrections noted. 	<ul style="list-style-type: none"> No action required Accepted as submitted
Review Results of NMNEC Curriculum Review Survey	<ul style="list-style-type: none"> The committee reviewed the results of the survey and the following observations were made: <ol style="list-style-type: none"> In Question #1 one respondent mentioned "overlap" in the curriculum and also the issue of 	<ul style="list-style-type: none"> Informational

“some components of assessment” being incorporated into L1, as saving it for L2 is “troublesome”. The members agreed some overlap is evident; however, the deep dive occurs where the Concept is assigned. We should emphasize “interrelatedness”. Also, assessment certainly begins in L1 at a basic level (i.e. scanning situations/environment – safety). The Communication concept is introduced in L1 and is foundational – leading to the ability to perform assessments.

- 2) In Question #2 a respondent remarked that the acute/chronic model doesn't fit well, and suggests renaming to fit the Benner model: Simple to Complex. D. Evans-Prior commented that Simple to Complex is captured brilliantly in SLO's progression. There are some issues with matching clinical experiences to Chronic vs. Acute. Additional issues surrounding Acute/Chronic model are raised in Question #6.
- 3) Questions #4 and 5 refer to the clinical evaluation forms. These were identified as a bit problematic by three respondents. D. Evans-Prior shared CNM's modified forms (see discussion below).
- 4) Question #6 also raises the issue of moving some of the L3 skills to earlier levels.

- Committee will discuss these topics further during curricular review.

Review of CNM NMNEC Formative/Summative Evaluation Revisions

- D. Evans-Prior shared and explained the adapted NMNEC clinical evaluation forms used at CNM. The forms also link course and level objectives (SLO's). Additionally, the committee reviewed a summative evaluation rubric which delineates specific student behaviors related to the E-S-U scoring categories. CNM has further assigned percentage values to those E-S-U categories.

- Committee will review further.

Proposed Steps Moving Forward

- Members discussed possible strategies for next steps. S. Koronkiewicz provided a Powerpoint presentation

- Each committee member will select

outlining the proposed process. Members viewed the proposed process and discussed the following:

- M. Wright proposed we split the concepts into cycles and determine which concepts would be reviewed in each cycle (i.e. year 1, 2, 3), rather than reviewing the entire curriculum at once.
- S. Koronkiewicz – exemplars need more updating than concepts.
- S. Kemper – some concept documents were more developed than others.
- L. Vanyo – pilot some concepts and look at associated exemplars. Are there changes based on incidence and prevalence.
- Each committee member is asked to select one concept they are willing to review.
- Create a Google Doc for the committee members to work collaboratively. Post appropriate docs (i.e. framework template, an existing concept document).
- M. Wright asked D. Evans-Prior if she is willing to share CNM curricular map – she agreed.

one concept they are willing to review.

- A Google Doc will be created for all members to work collaboratively.

Next Meeting Date

- Members agreed to meet the 3rd Thursday in June (6/15/17) from 3:00-4:00 PM

- Informational

Meeting Adjourned at 4:00 PM

Respectfully Submitted: Susan Koronkiewicz
