

The Value of NMNEC to Colleges & Universities

New Mexico Nursing Education Consortium

1. Consortium = every state-funded nursing education program in New Mexico
2. Providing a coordinated statewide system of nursing education
3. Building multiple pathways into nursing education
4. Implementing/Maintaining Statewide Prelicensure Nursing Curriculum
5. Increasing BSN-prepared Nursing Workforce

Value to NMNEC Universities

- Improve/Increase Admissions & Headcount
- Expand BSN students with no added physical space
- Significantly expand BSN student capacity through partnership with community colleges and branch campuses
- Cost of producing a BSN graduate is much lower for the community college-based student
- Increase pipeline for graduate degrees

Value to NMNEC Community Colleges

- Improve Admissions
- Increase Pass rates of ADN students
- Small school faculty benefit from expertise of large school
- Increase/elevate degree options
- Meet demand of practice partners to produce BSN students
- Uphold community college mission to support health needs of the community

Value to NMNEC Nursing Students

- Increased accessibility of degree options
- Ease of transferability between programs
- Lower tuition for co-enrolled students
- Increased employment opportunities with BSN

Value of NMNEC-prepared Nurses to Employers

- Increased number of BSN-prepared students/nurses
- Provide a great sense of preparation of the concept-based trained ADN and BSN nurses
- Achieve BSN standard for magnet status
- BSN-prepared provides pathway to management and advanced practice

STATEWIDE OUTCOMES

- Coordinated nursing education system with common course names, numbers, credit hours, and content
- ADN taught at the BSN level
- Faculty support, development, mentorship, and training throughout the state
- Curricular review and program evaluation as the foundation of re-accreditation
- Exceptional NCLEX pass rates throughout the schools teaching the common nursing curriculum
